

INTERDEPARTMENTAL AGREEMENT

The following is an Agreement between two departments at the City of Canby, Oregon: Canby Parks Department (hereinafter referred to as "Parks") and Canby Public Works Department (hereinafter referred to as "Works").

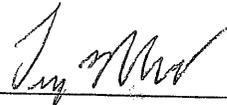

Works agrees to allow Parks to create and maintain a fenced public dog park on southernmost 6 acres of the 34.5 acre City-owned property located at 1570 NE Territorial Rd (taxlot 300 of tax map 31E27) informally referred to as the Three Sisters Ranch property. The City of Canby purchased the property in December, 2008, for future expansion of the wastewater treatment facility and future park land. (ORD 1301). Parks' proposed actions fall under the latter distinction.

Parks has heretofore initiated a project to create a public fenced dog park, and the Three Sisters Ranch property is an ideal location for such a project as the southern acreage is developed and has utilities to the site. The existing structures will be de-constructed and/or demolished by Parks prior to the creation of the proposed dog park. Parks will be responsible for the deconstruction/demolition of the existing buildings on the Three Sisters Property and the construction of a public dog park.

Works will construct a tertiary wetlands in the equal amount of acreage to treat sewer and storm water on the adjoining Fish Eddy property (tax lot 200 of tax map 31E27) which is included in Parks' inventory. Such use is permissible for that property. Therefore, Parks will allow Works to use 6 acres of the Fish Eddy property (tax lot 200 of tax map 31E27) for construction of a tertiary wetland to treat sewer and storm water. Works is currently completing a storm water master plan which will identify the preferred location of the tertiary wetland on the Fish Eddy property (tax lot 300 of tax map 31E27). Works will be responsible for the costs associated with the planning and construction of a future tertiary wetland on the Fish Eddy property (tax lot 200 of tax map 31E27).

Since both parties understand that it is mutually beneficial for Parks and Works to agree to the uses stated above on the respective properties. They have agreed to the terms of this Agreement, which will remain in full force and effect for ninety-nine (99) years upon signing or until mutual agreement in writing by both parties either amends or ends this Agreement.

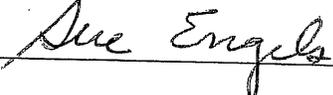

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their duly appointed officers.
